About Singhasth Kumbh Mela

A Timeless Celebration of Faith, Heritage & Humanity

Singhasth Kumbh Mela is one of the world's largest spiritual gatherings, held once every twelve years in Nashik and Trimbakeshwar. Rooted in ancient Hindu traditions, the festival commemorates the sacred legend of the Amrit Kumbh, drawing millions of devotees, saints, pilgrims, and visitors from across India and around the globe. The holy city of Nashik, together with the revered Trimbakeshwar Jyotirlinga and the sacred Godavari River, forms the spiritual heart of this grand event. The festival represents centuries of faith, cultural heritage, and collective devotion, transforming the region into a vibrant center of spirituality, rituals, and cultural exchange.

Vision

Singhasth Kumbh Mela is one of India's most sacred spiritual gatherings, attracting millions of devotees, saints, pilgrims, and visitors from around the world. The proposed design vision aims to create an immersive and memorable experience that celebrates the spiritual significance of Nashik and Trimbakeshwar while embracing contemporary design principles.

Inspired by the sacred Godavari River, the timeless architecture of Trimbakeshwar Temple, and the cultural heritage of Maharashtra, the proposal combines tradition with innovation to deliver a unified visual identity across the entire event.

Every design intervention —from entrance gateways and public spaces to wayfinding, selfie points, and decorative installations —is conceived to enhance visitor experience, strengthen place identity, and create an internationally recognized event environment.
